Date(s) of event: 12 th January, 2026
No of Participants: 06
Resource Person Name: None
Type of Programme (Event / Seminar / Workshop / Sports): Event
Chief Guest / Guest of Honour (if any): None
On 12th January 2026, on the occasion of 'National Youth Day', the students of Govindram Seksaria Science Autonomous College, Belagavi, from the Departments of Zoology and Botany, participated in a clean drive at Chapoli, Khanapur. A group of 06 students from BSc I, II, and III year, accompanied by the, Dr. Y. B. Dalvi, took part in the activity. The students departed from the college at 11:30 AM and reached Chapoli by 12:15 PM. Upon arrival, students were enlightened about sacred grooves and their importance in the environment. They then enthusiastically engaged in a cleaning drive, demonstrating their commitment to environmental conservation. They diligently cleared the area, collecting and properly disposing of waste glass bottles, plastic, etc., separately, thus contributing to the preservation of the site's natural beauty. The extension activity concluded with a collective sense of accomplishment and commitment to environmental responsibility.
